#### **about UENO GOURMET:**

UENO GOURMET GmbH was founded 2005 in Kronberg/Germany by Yoshiko Ueno-Müller and Jörg Müller. Following the „local to local“- principle we deliver selected products and information about Japanese culinary culture directly from producers to the European gastronomy and consumer. We import exclusively premium sake and spices of top quality with aroma considerate methods of transport (air freight or cooled sea freight). Besides distribution to gastronomy and our web shop we organize presentations and degustations within the theme: East meets West. In other words: Premium sake meets European Grand Cuisine. We are offering consultancy and seminars for sommeliers and gastronomy. Yoshiko Ueno-Müller is Mistress of Sake-Tasting (Brewing Society of Japan), certified wine consultant (German Institute of Wine) and Slow Food member.
